Paseo por el pueblo y el pantano							

There are 12 hours of tuition, divided in 5 days to give you longer time to go cycling every day.

The 2-3 hours are split into reading, listening, grammar exercises to suit your level of Spanish and one to one oral practice.

The idea is total immersion in Spanish. We'll talk Spanish all day among us and with a range of people staying or visiting us.

All the rides are road rides between 3-4 hours, Puerto means Pass.

You need to bring your own bike.

If you wish to opt out of some of the rides, or decide for a cultural visit that week, I will accompany you and this is the programme in the afternoons:
